

**Objective:** Ambitious and impact-driven junior developer with a passion for creating innovative solutions and working in data systems. Eager to join a forward-thinking team to build scalable applications, solve complex challenges, and contribute meaningfully to projects that make a difference.

## Education

### Base Camp Coding Academy *(June 2023 – May 2024)*

- Intensive, full-time coding bootcamp offering a scholarship-based program to develop expertise in seven programming languages and professional skills.
- **Leadership Role:** Community Team Coordinator, led event planning and outreach initiatives to foster collaboration among peers.
- **Specialization:** Video Game Development working group, combining technical skills with creativity to produce interactive projects.

### Northwest Mississippi Community College *(June 2023 – May 2024)*

- **Coding Technology Certificate:** Built a strong foundation in coding and software development with hands-on experience in various programming environments.

## Professional Experience

### Bank First Financial Services, Water Valley, MS *(Oct 2022 – March 2024)*

#### Storeroom Manager

- Spearheaded the reorganization of storeroom systems, significantly improving efficiency, transparency, and inventory accessibility.
- Partnered with team members to ensure critical supplies were consistently available, directly enhancing operational performance.

### WhereWeGo, Water Valley, MS *(July 2024 – Jan 2025)*

#### Data Research and Entry Specialist (Contract)

- Collaborated with an EdTech startup to collect, organize, and maintain essential data for workforce development tools.
- Successfully met ambitious goals and deadlines in a fully asynchronous environment, demonstrating accountability and a results-driven mindset.

---
